GAME

CONTROL

SUMMARY

TO PAUSE GAME:

Press the START Button. Press it again to resume play.

TO CONTINUE AFTER LOSING ALL YOUR LIVES:

Press the START Button to resume play when you're at the Continue screen.

TO WALK:

Use the D Pad to walk in any direction – up, down, left, right, and diagonally.

TO RUN:

Press D Pad LEFT or RIGHT twice in quick succession to run in that direction. After you've started running, you can run up and down on the screen by pressing diagonally on the D Pad in the direction you want to run.

TO CLIMB OR DESCEND:

Look for surfaces with little footholds. To start climbing such a surface, approach the wall and press UP. To start descending, walk to the edge and press DOWN. Then, whether you're climbing or descending, use the arrow buttons on the D Pad to move in the direction you want. If you're shot while climbing or descending, you'll have a brief moment to recover – press UP while hanging. Press and hold the A Button to climb or descend more rapidly. But beware – when you're moving fast on a wall, you won't have a chance to recover if you're hit, and you'll fall to your doom.

TO ROPE-CLIMB OVER CHASMS:

Walk up to the rope and press the C Button. While grasping the rope, press LEFT or RIGHT to climb hand over hand in that direction. You cannot recover from a hit you take while rope-climbing.

COMBAT MOVES:

Use the Controller Buttons as follows to fight:

- **To Jab, Execute Bulldozer Move and Pick Up Objects:** Press the A Button. In rapid succession: a combination of four punches – jab, left hook, right hook, uppercut. Press D Pad LEFT or RIGHT (whichever is opposite to the way you're facing at the moment) during the four-punch move to back-hand enemies attacking from behind. While running: bulldozer move. When near an object: pick up the object.
- **Jump:** Press the C Button. Press C while running to execute a flying leap.
- **Kick:** Press the B Button. In rapid succession: alternating high and low kicks. Press and hold: spinning back kick.
- **Flying Kick:** Press the B Button at the top of your jump. Press C, then B while running to execute a running flying kick.
- **Super Kick:** Press the A and B Buttons simultaneously. This move clears out your enemies very effectively, but it takes extra energy from your power bar, so it's for desperate situations only.

- **Block or Duck:** Press B and C Buttons simultaneously and any D Pad direction except down to block blows to your head. Press B and C Buttons and D Pad DOWN to duck. Beware: some enemy moves, such as the low kick, can only be partially blocked; others, like the knife swipe, can't be blocked at all.

WEAPONS

You're a pretty rugged guy, but you're still going to need some weapons to survive. So be sure to take advantage of what comes your way, including knives and guns.

Weapons are used as follows:

Knife: To slash with the knife, press the A Button. To throw it, press the A and B buttons simultaneously. Once you throw a knife, it's gone.

UZI: Press the A Button to fire. To point left or right, use the D pad. A gun has 12 rounds of ammo; after you fire 12 times, you lose the gun. You can acquire the Uzi by knocking it out of your enemy's hands.

Campfires: Look for campfires like this one along the way – you need to warm yourself by the fire to replenish your energy.

SNOW BOARDING

On levels one and four, your only way of escape from an approaching avalanche is down the side of a slippery, snow-covered mountain, and the only way down is on your snow board. You better travel down the mountain quickly and accurately because if you don't, you'll be buried by the avalanche!

AVALANCHE METER

Watch this meter and be sure to stay well ahead of the avalanche or you'll be sorry.

OPERATING YOUR SNOW BOARD

- **To Speed Up:** Hold down the B Button.
- **To Slow Down:** Press the D Pad down.
- **To Steer Right:** Press the D Pad right.
- **To Steer Left:** Press the D Pad left.
- **Jump:** Press the A Button.

LEVELS

Here's the basics of what you'll find – and who and what you'll face – in each level of CLIFFHANGER.

THE ESCAPE FROM QUALEN

You and your friend Hal fall into the clutches of Qualen, the psycho leader of a band of crazed fugitives. They're looking for three metal cases that were lost in a plane wreck—together, the cases hold \$100 million in cold cash—and Qualen positively insists that you help in the search. Luckily, you manage to escape, and set out in search of the money in an effort to ransom Hal and save

his life. To find the first money case, you must cross a forbidding mountain landscape and fight off a variety of enemies. Finally, you'll have to outrun a huge avalanche at breakneck speed on your snowboard to survive this level and go on.

IN SEARCH OF THE SECOND CASE

Having recovered the first of the three money cases, you go in search of the second one. In this level, you must fight your way through treacherous forested terrain, while fighting evermore threatening enemies. And at the end: Heldon, one big, tough, body-slammng wrestler who doesn't make friends very easily.

ON TO DOUGLAS CABIN – AND JESSIE

Now almost freezing to death, you seek the shelter of Douglas Cabin, the mountain hideaway where your friend Jessie anxiously awaits your arrival. All you have to do is find the cabin—and pull off some tricky climbing maneuvers while fighting enemies along the way. Not to mention

Kynette, the kung fu king who stands between you and that high-altitude hearthfire.

GET THE THIRD MONEY CASE AND SNOWBOARD YOUR WAY TO SAFETY

Get to the third case of money before Qualen! Use your rope climbing skills and powerful punch to defeat Qualen's henchmen who cross your path. After finding the last money case, snowboard your way to safety. Watch out for those falling trees!

THE CLIMB TO THE TOP OF THE BITKER LADDER

Whew, that was a close one! Now it's back up the mountain to safety, you hope! Watch your step – one wrong move and you're buzzard feed...or swiss cheese if Qualen's trigger-happy henchmen get you first. Only 200 yards to the ladder – if you can get past Travers. He's expecting your arrival, and he's looking forward to filling you full of lead!

ALL THAT MONEY LOST!

Your friends are safe, but you've destroyed the loot and Qualen is out-of-his-mind mad about it! For you, it's back down the mountain in a big hurry, with Qualen in hot pursuit at the controls of the hijacked rescue chopper. Look out for Qualen's minions as they come at you with a vengeance!

FACE TO FACE WITH QUALEN

Now it's payback time. Just you and Qualen, on the mangled helicopter, one slip away from plunging into the canyon below. This is it. Somebody's going to take a fall, a long one. Make sure it's Qualen.
